BEST STEM BOOKS
2021

CALL FOR SUBMISSIONS
Deadline for Book Submissions: July 2, 2020

ABOUT THIS LIST
Reviewers appointed by ASEE, ITEEA, NSTA, and SEPA read and evaluate the submitted books. Their selections are published in list appearing in February's NSTA Reports and ITEEA's Children's Technology and Engineering magazine and promoted through membership networks and at partner conferences.

ELIGIBILITY
• Books must be published in calendar year 2020.
• Fiction is eligible if the book has substantial Science, Technology, Engineering, or Mathematics content.
• Books must be intended for grades K-12.
• All books must originate with a children's publishing company or division and must be published (not simply distributed) by a publisher incorporated in North America.
• Books originally published abroad are eligible only if they have a 2020 North America publication date; reprints or licensed editions of titles initially published in North America before 2020 are not eligible.
• Original paperbacks are eligible; paperback reprints are not. If a book is published simultaneously in hardcover and paperback, either edition may be submitted. If both editions are submitted, they constitute separate entries.
• Revised editions of books originally published in North America before 2020 are eligible only if the book has been newly illustrated or if substantial text, constituting at least 25% of the book, has been changed or added.
• Textbooks, workbooks, kits, activity, and experiment-only books are not eligible.

SUBMISSION GUIDELINES
Books should have value for both classroom studies and library collections supporting students’ work. The selection panel looks for well-presented books that contain substantial STEM content; that are clear, accurate, and up-to-date. Books need to reflect current scientific research.

The selection committee will evaluate submissions based on their adherence to the following criteria:
• Models innovation
• Illustrates authentic problems
• Assimilates new ideas
• Invites divergent thinking
• Explores multiple solutions
• Integrates STEM practices
• Shows progressive change or improvement
• Accurate content presented in an age-appropriate manner

If material does not suit submitted age level, the committee may recommend an alternative age level appropriate for the content and presentation.

Please keep in mind the following items to better curate your submissions to the STEM list:
• The content in the book is factually correct.
• STEM thinking is evident.
• Suggested activities, investigations, and/or experiments are safe, feasible, and appropriate for the intended age level.

• If there are activities they should reflect divergent thinking.

• The information and illustrations are free of gender, ethnic, cultural, or socio-economic bias, whenever possible.

• Layout is well-organized and advances the text. There should be no spelling, text, or illustration errors.

• Books should not show behavior condoning harassment, sexual content, inappropriate language, and/or violence.

• Books should reflect best practices expressed by NSTA policies.

SEE selected titles from past years for an idea of what the committee looks for.

HOW TO SUBMIT

Download and fill out the 2021 Submissions Spreadsheet, then email it to Laura.

The spreadsheet contains four different tabs: one tab for publisher info and three others corresponding to NSSTB, OSTB, and BSB lists. Please be sure to enter your title information in the correct sheet.

SHIPPING YOUR BOOKS

Do not ship any books until instructed to.

You will send one copy of each title to each reviewer (9 copies in total). The CBC will send the list of shipping instructions and addresses in July. Books must reach reviewers by October 1, 2020.

Ship titles as early as possible. Do it in batches as they’re available, don’t wait for one large shipment.

• NOTE: Titles with pub date October, November, December 2020 can be submitted again the following year if you’re unable to ship them.

If you have questions or concerns with shipping printed books, let us know so we can help you as we adjust for those who need it this year.

FEES

There is no submission fee for CBC Regular Members to submit titles. The fee is $75 per title for CBC Associate Members and $300 per title for non-members. Fees are per title, per list and non-refundable. Titles may not be substituted at a later date.

An invoice and payment instructions will be emailed to you after you submit.

IMPORTANT: We know things are very difficult financially for everyone, and every dollar counts. We want to recognize the long-term value of the BEST OF program to publishers and educators while being very mindful of the cost to you. Our services this year are at a special value: 20% discount or if you submit 3 titles you get 1 free!

The CBC website has the above information. For questions, please email Laura.Peraza@cbcbooks.org.
